Sir: Respectfully, this is absolutely unacceptable and sheds a terrible light on the town of Westerly, RI. It is shameful to call for the assassination of any President, political affiliation notwithstanding. I trust that something will be done about this. Shame on Westerly Rhode Island!

Sincerely,

Karen Candelori

A Mexican restaurant called "Amigos Taqueria Y Tequila" in Westerly, Rhode Island is selling T-whirts calling for the murder of our president. In a restaurant, to "86" something is to get rid of it, when talking about humans, its murder. The phone number at the restaurant is 401-315-5800.
